

MENTAL HEALTH AND LEARNING DISABILITY CONSULTATION

Public Consultation Events in Perth & Kinross

NHS Tayside and Angus, Dundee and Perth & Kinross Health and Social Care Partnerships have been reviewing their General Adult Psychiatry and Learning Disability Services across Tayside and would welcome your views and ideas to help us shape the future. We are holding these public events as part of the three-month consultation to gather comment and feedback on the proposals being considered. The consultation will run until Wednesday 4 October, 2017.

These will be information sharing events where you can come and hear about the proposals and also hear about the wide range of current community-based services provided by both local voluntary and third sector organisations working across mental health and learning disability services.
